## Press Release

### Fireman's Fund Announces Expanded Yacht and Watercraft Coverage

NOVATO, Calif., (Apr. 02, 2008) – Fireman's Fund Insurance Company has announced enhanced coverages for yachts to protect against uninsured/underinsured vessels, vermin damage, contents onboard and an electronics deductible. Currently, coverage for uninsured and underinsured watercraft is only offered by very few insurance companies. This addition positions Fireman's Fund's as a market leader with its Prestige Yacht<sup>SM</sup> and Watercraft policies.

"We are excited about the expansion of our Prestige Yacht and Watercraft policies," said Bruce Wixson, yacht and watercraft product manager at Fireman's Fund. "These program enhancements help us provide a superior level of protection to our customers and expand our market reach."

Fireman's Fund also announced a lower electronics deductible, expanded coral reef and sea grass coverage, and protection in case of total loss resulting from vermin damage. Vermin damage is of particular concern in the Pacific Northwest, where muskrats and otters have been known to chew through exposed rubber portions of engine exhausts. Other additions to Fireman's Fund's coverage include protection against damage to mopeds, scooters, passports, and other necessary forms of identification while they are onboard.

This is a complement to the existing policies that already feature agreed value (to protect against depreciation), coverage for captain and crew under Admiralty Law including the Jones Act, protection against pollution fines up to \$25,000 including "sudden and accidental" events, and a broad definition of personal effects.

#### [About Fireman's Fund](#)
