## Press Release

### **FIREMAN'S FUND INSURANCE COMPANY OFFERS SPECIAL COVERAGE FOR INFLATABLE PLAY STRUCTURES**

NOVATO, Calif. (May 23, 2007) – Fireman's Fund Insurance Company's Specialty business has teamed with CSI Insurance Agency, Inc. (CSI) to provide coverage specifically for inflatable play structure businesses.

Today there is a wide variety of inflatable games that come in all shapes and sizes. Typical examples include inflatable slides, obstacle courses, "moonwalks," and other party and event attractions.

Due to the growing demand for inflatables at backyard parties and special events, Fireman's Fund® and CSI have created a policy to address the liability, property and equipment insurance issues unique to the inflatables industry. The inflatable play structure program is available directly or through a licensed insurance agent that wants to access CSI for a quote. It can also be obtained through the Inflatable Industry Purchasing Group, a non-profit service organization that leverages the combined purchasing power and best practices in the inflatable industry.

The strategic alliance will ensure that all policyholders have access to the leading safety standards and best practices. "This affinity program adds more innovative product solutions for customers in the equipment rental industry," stated Jack Russell, national executive, Specialty Programs, Fireman's Fund.

"From state fairs to family birthday parties, inflatables are a hot commodity, which also come with a tremendous amount of liability," said John Carr, founder and president of CSI. "Our commitment is to make certain the inflatable play structure industry has continuing access to high quality, affordably priced insurance from a company it can trust."
